Teaching partners
for learning design

We are **eight teaching partners**, one for each of the UOC's faculties. Together, we aim to help and support the teaching staff attain teaching and learning excellence. We provide **specialist technological and pedagogical support** for teaching, with a particular focus on designing training processes.

- *M. José Angulo* — EPCE
- *Montse Domènech* — EEE
- *Cris Girona* — ECS
- *Gemma Jordà* — EDCP
- *Loles González* — EIMT
- *M. Bel Palou* — EAH
- *Laura Sorroche* — ECIC
- *Tamara Martínez* — FP

We work alongside group of partners, experts in different fields, and a director:

- *Mildred Guinart* — Director
- *Anna Jubete*
- *Eva Lordán*
- *Toni Martínez Aceituno*
- *Xavi Mas*
- *Montse Roca*

BOOSTING

- educational innovation projects
- teacher improvement internships
- methodological improvements for the new learning environment
- proposals for the ongoing improvement and evolution of the UOC's educational model

ADVISING

*We provide **methodological advice** on:*

- *programme design*
- *course design*
- *training design*

SUPPORTING

We provide a **help and support service** for teaching and research staff and programme directors on methodological matters, such as:

- designing courses and programmes for educational purposes
- preparing activities
- teaching methods
- methodological use of tools and resources
- online teaching strategies
- competency-based design and digital assessment

SHARING

- the knowledge generated by our staff through the **eLearning Kit**
- meaningful experiences so that they can become a source of inspiration and offer examples for different UOC groups
- good practices in terms of classroom implementation, teaching experiences and innovation, assessment and final project courses or external internships

Boosting — Advising — Sharing — Training — Participating — Creating — Supporting

CREATING

Methodological content on a variety of topics relating to teaching and the improvement of the learning process:

- Niu challenge design
- teaching methodologies
- digital and competency assessment
- engagement and feedback
- generative AI
- new Canvas classroom
- SDGs and the gender perspective
- programme design
- good practices

PARTICIPATING

In UOC projects by providing **pedagogical and methodological support**:

- Digital Assessment, Feedback and Artificial Intelligence (AFIA)
- new Canvas LMS and Aula Futur
- Sustainability and Management Research Group (SUMA)
- Insignia initiative
- Equality Plan
- services for students with disabilities
- MEGAE project
- course transformation plan

We represent the eLearning Innovation Center (eLinC) and the university in UOC programmes and initiatives that enable us to network with other university teaching communities, such as:

- Margalida Comas programme (Directorate-General for Universities): Working Group on Initial Teacher Training
- International Conference on University Teaching and Innovation (CIDUI)
- Spanish University Teaching Network (RED-U)

TRAINING

We **encourage teachers' professional development** by promoting initial and continuing education programmes for the UOC's teaching staff:

- We help design the *eLC License* training programme for teaching and research staff.
- We help design the *Dive into the UOC* continuing education programme for affiliated teaching staff.
- We design and promote courses to improve the training of teaching staff and programme directors, including Canvas training, AI training, classroom activity monitoring workshops, feedback workshops, webinars and other activities.
